## TEN SHARED PRINCIPLES

**WHEREAS**, on March 22, 2018, the NAACP Illinois State Conference and the Illinois Association of Chiefs of Police agreed to 10 Shared Principles designed to build trust between law enforcement and communities of color, and

WHEREAS, the two statewide associations vowed “by mutual affirmations to work together and stand together in our communities and at the state level to implement these values and principles, and to replace mistrust with mutual trust wherever, whenever, and however we can.”

**NOW BE IT THEREFORE RESOLVED** that the Bradley, Illinois, Police Department adopts these same Ten Shared Principles as their own, and thereby adds its name to the historic agreement between the NAACP and the ILACP. These are the Ten Shared Principles:

1. We value the life of every person and consider life to be the highest value.
2. All persons should be treated with dignity and respect. This is another foundational value.
3. We reject discrimination toward any person that is based on race, ethnicity, religion, color, nationality, immigrant status, sexual orientation, gender, disability, or familial status.
4. We endorse the six pillars in the report of the President’s Task Force on 21st Century Policing. The first pillar is to build and rebuild trust through procedural justice, transparency, accountability, and honest recognition of past and present obstacles.
5. We endorse the four pillars of procedural justice, which are fairness, voice (i.e., an opportunity for citizens and police to believe they are heard), transparency, and impartiality.
6. We endorse the values inherent in community policing, which includes community partnerships involving law enforcement, engagement of police officers with residents outside of interaction specific to enforcement of laws, and problem-solving that is collaborative, not one-sided.
7. We believe that developing strong ongoing relationships between law enforcement and communities of color at the leadership level and street level will be the keys to diminishing and eliminating racial tension.
8. We believe that law enforcement and community leaders have a mutual responsibility to encourage all citizens to gain a better understanding and knowledge of the law to assist them in their interactions with law enforcement officers.
9. We support diversity in police departments and in the law enforcement profession. Law enforcement and communities have a mutual responsibility and should work together to make a concerted effort to recruit diverse police departments.
10. We believe de-escalation training should be required to ensure the safety of community members and officers. We endorse using de-escalation tactics to reduce the potential for confrontations that endanger law enforcement officers and community members; and the principle that human life should be taken only as a last resort.

mtjohnston@bradleyil.org

Dear Mayor, Trustees, Department Personnel and the Citizens of Bradley:

Welcome to the Bradley Police Department's 2018 Annual Report. We are appreciative that you are allowing us the opportunity to share information on the many activities and projects that the Bradley Police Department engages in to create a safer, better community in which we can all live, work and enjoy life. In addition to reading this report, I would like to encourage you to learn more about the on-going efforts of the Bradley Police Department and how you can become more involved by following us on Facebook, Twitter and the Bradley Police Department's web page.

The men and women of the Bradley Police Department are committed to excellence. We strive daily to partner with our community to improve the quality of life by creatively solving problems related to crime, fear of crime, neighborhood decay and to safeguard the constitutional rights of all. This year we have been involved in many different programs to build trust and foster positive relationships based on mutual respect and understanding. We held several neighborhood watch meetings to keep our citizens informed on what is going on in the community but more importantly listening to their concerns. We reached out to various organizations to lend them our support and work closely for the common good of our community. The Bradley Police Department recognizes the importance of building and maintaining relationships with our younger citizens. We have a very successful School Resource Officer Program at the Bradley Bourbonnais Community High School. We have presented safety information for children and parents at many of our grade schools that service Bradley residents. We had our first back to school party at Lil's Park in August.

We continue to be a team player with all Kankakee County Law Enforcement by working closely and sharing resources with some of the best men and women in law enforcement.

We consider it an honor to partner with and serve our community. We thank each of you as well, for all that you do to make Bradley a better community. Even though the Bradley Police Department will continue to do all that we can to accomplish our Mission, we will not be successful without your help. On behalf of the Bradley Police Department, I would like to ask for each of you to continue partnering with us. Please feel free to contact me with any concerns, suggestions or questions you may have.

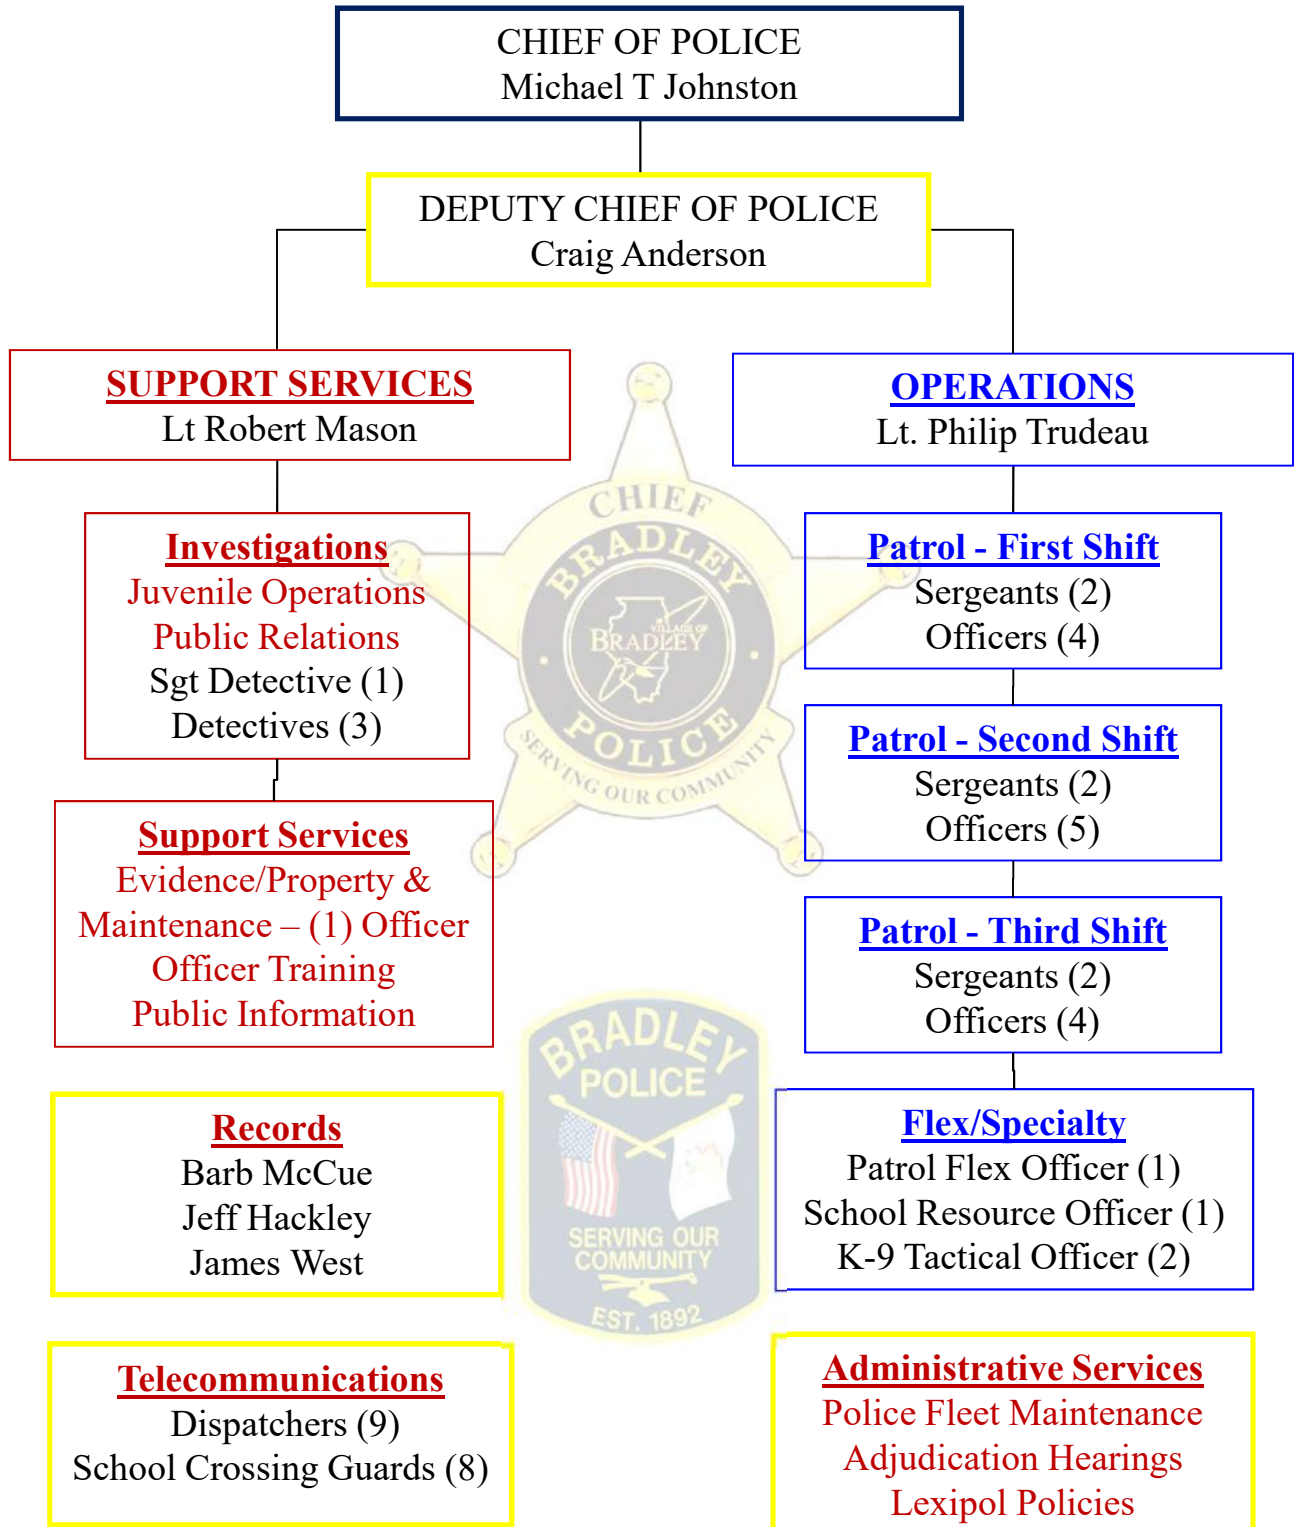

Best Regards,

Michael T. Johnston
